

# PARA Charge Master Assessment

The goal of the **Charge Master Assessment** is to provide a no cost or obligation review of the quality of coding, compliance and pricing within a hospital's charge master.

The **Charge Master Assessment** is a 4-phase process:

1. Processing of charge master and usage stats into the **PARA Data Editor**
2. Assignment of peer market group of hospitals
3. Reviewing assessment points using **PDE** filters
4. Presentation and review of Assessment findings

The **PARA Data Editor** is utilized in each phase of the assessment.

# PARA Charge Master Assessment

## Phase II - Assignment of peer market group of hospitals

PARA will link 9 peer hospitals to your Hospital for an analysis of pricing. There is an option to have three different market groups assigned and the User can update market groups and select market groups for all **Market Data Pricing Reports**. The market groups are as follows:

1. Geographic
2. Organizational
3. Service

The **PDE Market Group Assignment** Process will be utilized in this process.
