

## **CURTIS W. DAVIS, PMP**

### **BIOGRAPHICAL NOTES**

Curt Davis brings with him over twenty-five years of systems engineering and management experience. After earning a degree in Business Information Systems, Mr. Davis began as a programmer, creating Inventory Management Systems in the IBM System 36 environment. Quickly rising through the ranks to the position of Manager of MIS, Mr. Davis has acquired experience in database management, systems analysis and design, network design and installation, Intra and Internet setups, as well as multiple programming languages, testing, test plan design and development, and implementing software packages. He has led teams in numerous development and maintenance projects, including the creation of training programs for technical and non-technical areas.

Prior to joining Total Systems, Curtis worked as Project Manager for IBM, implementing an automated inventory tracking system. This successful venture became an integral part of the site's Y2K program. He is well versed and has practical experience in many testing techniques and quality initiatives, such as Six Sigma and TQM. Curt also is our lead trainer and developer in Green PM – Managing Green Projects. His workshop was the first Green course certified by PMI! Besides continuing to develop and deliver our training programs, during the past few years, Curt has become quite experienced and well known for his expertise in the area of EPM (Enterprise Project Management) and Portfolio Project Management. He has consulted with some of the world's largest financial institutions, to scope, design and implement customized third-party software, such as Microsoft Project, Project Server, Clarity and Hewlett Packard PPM (formerly Mercury Systems.) In connection with these assignments, he has also developed in-house training and PMO (Program Management Office) procedures for the implementation and use of these packages and templates across the enterprise. Curt is a globally acknowledged expert in the practical application of Microsoft Project, including the latest version, 2019.

Curt's technical, managerial and project experience, as well as his thorough understanding of the Quality Initiatives and PMO function, have made him a valuable member of the TSE team! Throughout the US and Europe, Curt has developed and taught for a number of organizations including Adelphi University, Aeroflex, Ascena Retail Group, Inc., AVON, The Bank of New York, Bank of New York Mellon, Bank of Tokyo, Bank One, B/E Aerospace, Bell Atlantic, Borough of Manhattan Community College, Brandon Systems, Cablevision, Cengage Learning, Central Piedmont Community College, Charles Schwab Financials, Charming Shoppes, Inc., Chase Manhattan Bank, N.A.,

Chase Bankcard Services, Citibank, Citigroup, Computer Associates (CA), ConAgra Foods, Consolidated Edison of New York, CPC Communications Power Corporation, Dayton T. Brown, Inc., Dryfus Corporation, Estée Lauder, Inc., The Gartner Group, The Holt Company, I.E.E.E., Interpublic Group of Companies, J.P. Morgan Chase, Korean Nuclear Power (KNP), Kraft Foods, Inc., Leviton, Luitpold Pharmaceuticals, Mellon Bank, Merrill Lynch, Metropolitan Life Insurance Company, Missouri State Government, Morgan Stanley-Dean Witter and Company, Newell-Rubbermaid, North Shore-Long Island Jewish Health System, Northwell, Oerlikon-Metco, Omicron, Orange and Rockland County Utilities, PaineWebber, Pershing, LLC., Pfizer Chemicals, The Prudential, Prudential Securities, Qosina Corporation, Saint Joseph's College, Sartorius, Softeon, Inc., Southwire, Staples, State University of New York at Stony Brook, Stony Brook University Hospital, SVAM International, Telephonics Corporation, Tiffany's and Company, TMG Health, Town of Huntington (NY), Toys "R" Us, UBS, UBS|PaineWebber, Veeco Corporation, Verizon Communications, Wachovia Financial Services, Wachovia, Inc. and Wells Fargo Bank.

Not to be outdone by his co-workers, in his spare time Curt is the Education Director, Audio-Visual Director and Network Manager of the church he and his family attend. As if managing more than 25 teachers and a computer network were not enough, he can also be found working with the well-known Bethel Sanctuary Choir as a musician and recording engineer. The choir has performed benefit concerts for The United Way, The United Cerebral Palsy Association, 'Toys for Tots', The Children's Health Association, and The Festival of Trees at SUNY Old Westbury, in such venues as Lincoln Center, the Superdome and as the featured choir at the International Christmas Choir Assembly in Bethlehem, Israel. Curt would take up flying hot-air balloons, if he had the time!
