

Simplify Advanced Practice Staffing with Qualivis

Healthcare facilities rely on advanced practitioners to increase patient flow, and Qualivis can help you staff those positions with advanced practice professionals in the following specialties: certified registered nurse anesthetist, physician assistant, nurse practitioner or certified nurse midwife. The best part? Members designate their own pricing. We then collaborate with you and the providers to find the best fit for everyone.

The Qualivis Advantage

- The Qualivis Partner Network of agencies works to fulfill your jobs quickly with qualified physicians and advance practice providers.
- We have capabilities to manage complex credentialing processes per your MSO's guidelines and can set up billing, collaborative agreements, licensing and ongoing quality assurance as needed.
- All locums placements secured through Qualivis help support your state hospital association.
- All agency placements undergo our strict credentialing processes. Partner agencies are guaranteed to be properly insured and are covered by Qualivis' additional insurance umbrella.

We believe access to subcontractors should be easy.

With the click of a button, all Qualivis members have access to our large, highly vetted network of partner agencies and candidates in the locum tenens workforce. These agencies deliver solutions through the Qualivis platform while you maintain:

- One point of contact
- One account manager
- One source for enterprise-level reporting and analytics
- One bill

You don't have to disrupt any existing processes or relationships with suppliers you value. You can use Qualivis software and our partner network without implementing a full MSP solution. And since Qualivis has accountable tiers of partner agencies and guarantees payment to them within 29 days, our suppliers are motivated to fill your jobs quickly.
